

The buyers your program was built to reach.

PREPARED FOR Bruce Blechman, President & CEO
Entrepreneur Capital Corporation

SCOPE One-week pilot: 1,000 US operators actively carrying \$300,000+ in MCA debt.

I. Pilot cohort & commercials.

VOLUME	PER RECORD	DELIVERY
1,000 records	\$5 flat	7 days from kickoff

II. Fields delivered per record.

• Company name · registered US name	• Company domain · primary web domain
• Decision maker · finance leadership or C-level	• Registered address · street, city, state, ZIP
• Business phone · direct line where available	• Verified work email · multi-tool verified
• MCA debt band · \$300,000 or higher	• Delivery format · CSV or shared Google Sheet

III. The radar.

Roughly 5,000 US companies matching your criteria sit in our active pool. Merchant debt and financial statements shift monthly, so this pool refreshes on a rolling basis rather than staying static.

~5,000 qualifying companies in current radar. Refreshed monthly, so the pilot cohort ships from a live pool, not a stale export.

IV. About CrackClay.

Five-person team, eight years in the market. Deep manual research on enterprise-grade funding and filings data. We also run campaigns end to end, so the sourcing is tested against the outreach layer, not just built to look good on a spreadsheet. Modern automation and language models layered on cleaning.

8 YEARS IN MARKET	5 TEAM MEMBERS	1,200+ PROJECTS DELIVERED
----------------------	-------------------	------------------------------

V. Onboarding.

- i. **Contract package sent** with mutual NDA and data protection clause.
- ii. **Kickoff call.** Criteria locked, delivery window confirmed.
- iii. **Delivery within 7 days.** CSV or shared Google Sheet.
- iv. **48-hour review.** Off-spec records replaced free of charge.

Next step. Reply on the email thread with subject "we just talked", as we agreed on the call. The contract package goes out the same day. Once the NDA is signed, the pilot cohort is in your inbox within seven days.
